SANSKRITHI SCHOOL OF ENGINEERING

Delivering Global Exposure at Local Doorsteps

Sanskrithi School of Engineering was started in 2015 as a part of Sanskrithi Educational Society, Puttaparthi and affiliated to JNTU-Ananthapuram. SSE has achieved excellence in a short span of time in teaching, learning, and research activities.

SSE has its inspiration from the unique value based educational system Bhagawan Sri Sathya Sai Baba - that is based on Universal Love, Discipline and Service. Students are sensitized on the challenges faced by the nation and importance of national development along with individual development.

CHAIRMAN'S MESSAGE

You are born to create a mark on this society and Sanskrithi School of Engineering is your mentor that teaches you to create a golden imprint.

Students select us for our diverse faculty, state-of-the-art educational facilities, top class infrastructure and vast opportunities they get from the renowned and well-established Sanskrithi Group of Institutes.

This is the age of discoveries and dreams. The youth of India are dreamers, crafters, engineers and architects of their own future. We understand that entire success of the nation depends on the success of the youths. SSE proudly takes part in imparting quality education to our students along with providing them great opportunities to study and work abroad. We make them ready for future as well as lead them in the right direction.

Youths are the fighters. They are the change-makers. We motivate them to ignite their inner passion and help them to lead in their lives. They need to fight to create their own identity, to overcome unemployment and politics, to battle bullies and exploiters and many such problems before becoming successful. We teach them good morals, values and positivity to handle such situations of conflicts in life.

Sanskrithi School of Engineering is a place where you will learn, grow and conquer. I am sure you will find this as a life-changing phase of your life, both on your professional as well as personal front, and we will always be a part of each other's success journey. Wishing you 'All The Best' for your future, I would like to conclude this letter here.

### MR. B. VIJAY REDDY
Chairman, Sanskrithi Group of Institutes

Senior PDF (VSB-TUO,EUROPE)*

VISION

We envision developing dynamic and socially responsible engineers possessing wisdom, positive attitude and an impeccable character. Hallmarks will be the innovation, initiative and teamwork of our people and our ability to anticipate and effectively respond to change and to create opportunity.

MISSION

The institute is devoted to serve the society and nation by providing best quality education, skill development programs and hence graduating talented and skilled engineers with best of academic and moral knowledge. One of our key objectives is to make sure that we give our students the opportunity to get their dream job.

INTERNATIONAL ASSOCIATION WITH RISE

Research Industrial Systems Engineering

Research Industrial Systems Engineering R&D GmbH is an internationally active IT consulting, service and software development company. RISE was created as a spin-off of the Vienna University of Technology which works closely with many institutions all over the world, including SSB. As technical support partners, they provide learning and research opportunities, technical support and also support students education through scholarships and recruitment.

IAESTE A CELEBRATED COLLABORATION TOWARDS EXCELLENCE

INTERNATIONAL STUDENT EXCHANGE PROGRAM

More than 80 countries involved, exchanging over 4000 traineeships each year The International Association for the Exchange of Students for Technical Experience, Association sans but lucratif (non-profit association), commonly known as IAESTE A.s.b.l. is an association of national committees representing academic, industrial and student interests.

STUDENTS
Paid course-related work experience in over 80 countries for science and engineering students

ACADEMICS
Let IAESTE help you find traineeships for your science and engineering students and invite students from around the world to your university

EMPLOYERS
IAESTE can provide you with the best young science and engineering students from around the world

IAESTE
Promoting international understanding through exchanging students worldwide

STATE-OF-THE-ART INFRASTRUCTURE

- Eco-friendly ambience for perfect learning & health
- 24/7 Wi-Fi Campus
- State-of-the-art lab facilities & workshops
- Smart classrooms
- Spacious, comfortable & hygienic hostels
- Sports facilities with superior infrastructure
- Healthcare facilities
- Well-equipped computer labs with high-end systems
- Strong connect with reputed international institutes for placements

TRAINING

How do we train & make our students employable?

We rightly identify the skill-gap of the students by various analysis & assessments and equip them with proper training to meet the expectations of the prospective employers & industry standards.

We consider every student of us as a unique talent. We support and help our students in all the possible ways so that they get placed in a Good company which will give them bright career opportunities.

- We provide them the perspectives of Soft Skills, Verbal and Aptitude Skills with the blend of Skills in Recent Technologies.

DEPARTMENT OF
HUMANITIES & SCIENCES

The department of Humanities & Sciences encompassing Maths, Physics, Chemistry and English enables the younger minds to understand the fundamentals of the theory backed by the experimental knowledge. This department works with an aim of making the budding engineers well-conversant with scientific ideas and competent in using modern practical tools. The H & S department caters to the needs of the first year B.E. and B.Tech. students by fulfilling the mandatory requirements of JNTUA and AICTE.

Each department is lead by well-qualified and experienced faculty members. Depending on their department and subjects, students are taught various value-added courses and are also provided hands-on training through our top class laboratories and computer labs.

PRACHETHAN ALUMNI MEET

Any educational institute's best investment is its well-treasured alumni. Likewise we at Sanskrithi Group of Institutes are also blessed to have great alumni and to stay connected with them, we have created a special association. The SGI Alumni Association was bought into effect to enable a continuous and supportive bridge between the alumni, the students and the college.

SAI PRUDENT
SCHOLARSHIP EXAM 2020

Sai Prudent Scholarship exam 2020 was a grand accomplishment. Students from the 3 states of AP, Telangana and Karnataka covering more than 9 districts and 125 colleges attended the exams. 1857students attended the scholarship exam for Engineering and 3060 registrations were received for the MBA scholarship exam.

RECRUITMENT DIARIES
28 COMPANIES 287 PLACEMENTS

The Sanskrithi School of Engineering has proved to be one of the most unique institutions in Andhra Pradesh in terms of attracting the remote rural students and placing them onto the mainstream corporations. Special attention is given to understand the skill gaps in students and unique platforms of learning are provided to build confidence and character in students.
