## 1 Dedicated Female Staff in Girls' Hostels

To ensure the safety and well-being of female students residing in the hostels, the institution has implemented a policy of exclusively appointing female wardens and supervisors in the girls' hostels. These dedicated staff members are present round-the-clock, ensuring continuous supervision and support. Hostel wardens themselves reside within the hostel premises, creating a close and accessible presence for students. In addition to wardens and supervisors, female sweepers are also assigned to each girls' hostel, maintaining cleanliness and hygiene within the facilities. It is important to note that the hostels accommodate both SSB students and SSE students, fostering a diverse and inclusive living environment. By prioritizing female staff members and implementing comprehensive support systems, the institution aims to create a safe and conducive environment for female students in the hostels.
