Name of the Event	WORKSHOP ON LIFE STYLE ENTREPRENEUR
Date/ Day of the Event	15-03-2018
Time	11:00 am to 1:30 pm.
Venue	SEMINAR HALL SSE.
Number of persons attended	75
Chief Guest	S. Surya Mani Prasad
Convener	Dr. Mohan Reddy
Coordinators	Ms. Jayalakshmi
Platform	Offline mode

About the Program

A person can build a profession and company model around the lifestyle they desire by engaging in lifestyle entrepreneurship. The goal of lifestyle entrepreneurs is to change their lifestyle rather than to make a living. They base their careers around their interests or hobbies.

Objective of the Program

An entrepreneur is a person who decides to take the risk of launching a new business. Entrepreneurship is the aggregation of capital and labor to produce things or services for profit. An entrepreneur realizes their idea by founding a business to carry it out. Entrepreneurship is extremely dangerous, but it can also be very rewarding because it contributes to economic growth, innovation, and wealth.

About the chief guest

Surya Mani Prasad has shown the world it is possible to beat the multinationals even in the most difficult market of fast-moving consumer goods.

Summary of the Event

EDC has organized a one-day workshop on "workshop on LIFESTYLE ENTREPRENEUR". The offline event took place on 15-03-2018. Mr. Surya mani was the featured speaker at the event. The function began precisely at 10:30 a.m. All of the students and faculty members were invited to participated. This workshop had a total of 54 participants. Dr.A. Senthil Kumar, Principal/SSE, read the Chief Guest's welcome note and welcomed all attendees, including students and faculty members. The resource person started at 11:00 a.m. and lasted until 1:30 p.m.

Key Outcome of the event

A person can build a profession and company model around the lifestyle they desire by engaging in lifestyle entrepreneurship. The goal of lifestyle entrepreneurs is to change their lifestyle rather than to make a living. They base their careers around their interests or hobbies.

About the Program

Entrepreneurs are people who launch new businesses, bearing almost all of the risks and reaping the majority of the rewards. Starting a business is the act of being entrepreneurial. Every economy needs entrepreneurs because they have the skills and motivation to anticipate needs and advance new concepts. Entrepreneurship that succeeds in taking on the production-related risks is rewarded with profits and growth possibilities.

Objective of the Program

A person who undertakes the risk of starting a new business venture is called an entrepreneur. An entrepreneur creates a firm to realize their idea, known as entrepreneurship, which aggregates capital and labor in order to produce goods or services for profit. Entrepreneurship is highly risky but also can be highly rewarding, as it serves to generate economic wealth, growth, and innovation.

About the chief guest

Mr. Vivek is a Graduate and Postgraduate from Visveswaraya Technological University from one of the renowned colleges, BMS College of Engineering Bangalore. He started his career in Kirloskar Electric Company, Bangalore as Design Engineer. His work in Kirloskar Company involved Design of Alternators to suit end customer requirements Improvisations to Alternators based on shop and customer feedback Co-ordination with departments such as QA, Vendor Development, Assembly, Painting and Dispatch, and with Sub-Contractors, Set Builders, for Design and Manufacturing aspects.

Summary of the Event

EDC has organized a one-day workshop on "workshop on WORKSHOP ON IMPORTANCE OF ENTREPRENEURSHIP DEVELOPMENT PROGRAMME, the offline event took place on 05-02-2019 Mr. Vivek Reddy was the featured speaker at the event. The function began precisely at 10:30 a.m. All of the students and faculty members were invited to participated. This workshop had a total of 54 participants. Dr.A. Senthil Kumar, Principal/SSE, read the Chief Guest's welcome note and welcomed all attendees, including students and faculty members. The resource person started at 10:30 a.m. and lasted until 12:30 p.m.

Key Outcome of the event

This coordination takes the form of resources being diverted toward new potential profit opportunities. The entrepreneur moves various resources, both tangible and intangible, promoting capital formation. In a market full of uncertainty, it is the entrepreneur who can actually help clear up uncertainty, as they make judgments or assume risk. To the extent that capitalism is a dynamic profit-and-loss system, entrepreneurs drive efficient discovery and consistently reveal knowledge.

Name of the Event	:	workshop on AWAKEN THE ENTREPRENEUR IN YOU.
Date/ Day of the Event	:	13-12-2019
Time	:	10:30 am to 12:30 pm.
Venue	:	SEMINAR HALL SSE.
Number of person attended	:	91no's
Chief Guest	:	Mr. Ajay Prasad
Convener	:	Dr.E.V. Subba Reddy
Coordinators	:	Mr.S. Naresh
Platform	:	Offline mode

About the Program

An entrepreneur is an individual who creates a new business, bearing most of the risks and enjoying most of the rewards. The process of setting up a business is known as entrepreneurship. Entrepreneurs play a key role in any economy, using the skills and initiative necessary to anticipate needs and bring new ideas to market. Entrepreneurship that proves to be successful in taking on the risks of creating is rewarded with profits and growth opportunities.

Objective of the Program

A person who undertakes the risk of starting a new business venture is called an entrepreneur. An entrepreneur creates a firm to realize their idea, known as entrepreneurship, which aggregates capital and labor in order to produce goods or services for profit. Entrepreneurship is highly risky but also can be highly rewarding, as it serves to generate economic wealth, growth, and innovation.

About the chief guest

Mr. Ajay Prasad is a Mechanical Engineering Graduate and a post graduate with Aerospace Engineering specialization. He has a diverse work experience in defense, aerospace, automotive, electric vehicle and public health engineering industries. Having worked with various start-up companies on electric vehicles and more established companies, he has a lot of experience on rapid product development and product development process in general.

Principal
Principal
Sanskriti School of Engineering
Beedupalli Road, Prasanthipram,
PUTTAPARTHI - 515 134.
Anantapuramu (D. A. P.)

He has over all 16 years of experience and currently working for Exponent Energy in Bangalore who are into the development of Battery packs and fast charging

Summary of the Event

EDC has organized a one-day workshop on "workshop on AWAKEN THE ENTREPRENEUR IN YOU". The offline event took place on 13-12-2019. Mr. Ajay Prasad was the featured speaker at the event. The function began precisely at 10:30 a.m. All of the students and faculty members were invited to participate. This workshop had a total of 91 participants. Dr.A. Senthil Kumar, Principal/SSE, read the Chief Guest's welcome note and welcomed all attendees, including students and faculty members. The resource person started at 10:30 a.m. and lasted until 12:30 p.m.

Key Outcome of the event

Entrepreneur acts as a coordinating agent in a capitalist economy. This coordination takes the form of resources being diverted toward new potential profit opportunities. The entrepreneur moves various resources, both tangible and intangible, promoting capital formation. In a market full of uncertainty, it is the entrepreneur who can actually help clear up uncertainty, as they make judgments or assume risk. To the extent that capitalism is a dynamic profit-and-loss system, entrepreneurs drive efficient discovery and consistently reveal knowledge.

About the Program

An entrepreneur is an individual who creates a new business, bearing most of the risks and enjoying most of the rewards. The process of setting up a business is known as entrepreneurship. Entrepreneurs play a key role in any economy, using the skills and initiative necessary to anticipate needs and bring new ideas to market. Entrepreneurship that proves to be successful in taking on the risks of creating a startup is rewarded with profits and growth opportunities.

Objective of the Program

A person who undertakes the risk of starting a new business venture is called an entrepreneur. An entrepreneur creates a firm to realize their idea, known as entrepreneurship, which aggregates capital and labor in order to produce goods or services for profit. Entrepreneurship is highly risky but also can be highly rewarding, as it serves to generate economic wealth, growth, and innovation.

About the chief guest

Raghav kheers, chairman and managing director of seventy mm, has shown the world it is possible to beat the multinationals even in the most difficult market of fast moving consumer goods. Raghav's journey, which started from a small town of Cuddler in Tamil Nadu, has been an amazing one. A business which he started with only with Rs 15,000 is now worth Rs 500 crore (Rs 5 billion). He learnt the first entrepreneurial lessons from his father, Chinni

Krishnan, who started a small-scale pharmaceutical packaging unit, before moving on to manufacture pharmaceutical products and cosmetics.

Summary of the Event

EDC has organized a one day workshop on "workshop on PROCESS OF INNOVATION AND SUPPORT." The offline event took place on 12-06-2019. was the featured speaker at the event. The function began precisely at 10:30 a.m. All of the students and faculty members were invited to participated. This workshop had a total of 54 participants. Dr.A.Senthil Kumar, Principal/SSE, read the Chief Guest's welcome note and welcomed all attendees, including students and faculty members. The resource person started at 10:30 a.m. and lasted until 12:30 p.m.

Key Outcome of the event

Entrepreneur acts as a coordinating agent in a capitalist economy. This coordination takes the form of resources being diverted toward new potential profit opportunities. The entrepreneur moves various resources, both tangible and intangible, promoting capital formation. In a market full of uncertainty, it is the entrepreneur who can actually help clear up uncertainty, as they make judgments or assume risk. To the extent that capitalism is a dynamic profit-and-loss system, entrepreneurs drive efficient discovery and consistently reveal knowledge.

Platform	:	Offline mode

About the Program

An entrepreneur is an individual who creates a new business, bearing most of the risks and enjoying most of the rewards. The process of setting up a business is known as entrepreneurship. Entrepreneurs play a key role in any economy, using the skills and initiative necessary to anticipate needs and bring new ideas to market. Entrepreneurship that proves to be successful in taking on the risks of creating a startup is rewarded with profits and growth opportunities.

Objective of the Program

A person who undertakes the risk of starting a new business venture is called an entrepreneur. An entrepreneur creates a firm to realize their idea, known as entrepreneurship, which aggregates capital and labor in order to produce goods or services for profit. Entrepreneurship is highly risky but also can be highly rewarding, as it serves to generate economic wealth, growth, and innovation.

Summary of the Event

EDC has organized a one day workshop on "workshop on E. The offline event took place on 19-10-2017. Mr. Sanjeev Bikhchandani was the featured speaker at the event. The function began precisely at 10:30 a.m. All of the students and faculty members were invited to participate. This workshop had a total of 54 participants. Dr.A.Senthil Kumar, Principal/SSE, read the Chief Guest's welcome note and welcomed all attendees, including students and faculty members. The resource person started at 10:30 a.m. and lasted until 12:30 p.m.

SKILL ORIENTATION PROGRAM

22-03-2022

EVENT DESCRIPTION:

As a part of CSIR activity & MHRD Innovation the Skill orientation program, which was organized by our HOD N.Pavan kumar, provided an opportunity to the students to gain practical skills about rural areas. We are the students of 3rd EEE were surveyed the present conditions of Bukkapatnam village. As a part of social relevant projects from JNTUA curriculum we were visited the government school students in bukkapatnam area.

The EEE students are conducted a small electrical expo in bukkapatnam government higher secondary school for to create awareness on students towards electrical department. The project expo very easily attracted more than 150 students in govt higher secondary school. The Principal and faculty members were very pleased with the enthusiasm and the innovative and creative ideas the students put to show. From the Department of EEE faculties are given token gifts to the students

PLACEMENT TRAINING ON "MPHASISTRAINING" (23.08.2021 to 28.08.2021)

Introduction:

Sanskriti school of Engineering conducted a Placement Training for "MPHASIS DRIVE by "Ms. Kaveri mam, Mr. Salim Bhasha sir "from 23.08.2021 to 28.08.2021 the training was arranged by management & principal for the for the benefit of students employment & their careers.

About Aptitude

An aptitude test is a way for employers to assess a candidate's abilities through a variety of different testing formats. Aptitude tests will test your ability to perform tasks and react to situations at work. This includes problem-solving, prioritization and numerical skills, amongst other things.

About Logical Reasoning

Logical thinking skills are important because they can help you reason through important decisions, solve problems, generate creative ideas and set goals—all of which are necessary for developing your career. Whether you have just entered the workforce or want to advance your career, you will come across challenges on a daily basis that requires logical reasoning skills. The stronger your logical thinking skills are, the more easily you will be able to come up with solutions and plans that benefit you and your work place.

About Coding

Coding, in simpler terms, is the language used by computers to understand our commands and, therefore, process our requests. Programming is a list of codes arranged in a sequence to complete the completion of work.

About Verbal Ability

Verbal Ability is defined as the capability of a person in expressing ideas using words in a clearly understandable manner. Verbal Ability is a very important component of competitive examinations. For aspirants who want to get good scores in Verbal Ability, a good vocabulary and sentence-forming skills are vital.

The trainers had trained our students based on the given programming content. Its fully based on AMCAT content.

- Quantitative aptitude
- Logical Reasoning
- Verbal Ability
- Coding
- Computer Programming

The students have given an excellent feedback about the one week training. Finally Mr. Hari Krishnan, HOD- ECE thanked Mr. Vijaya Bhaskar Reddy, Chairman, SGI, Principal Dr. A. Senthilkumar, for their great support towards the successful completion of placement training, also he thanked the ECE faculty members for their support and coordination towards training.
