| 8    | Carrom Board | -             | -           | 5     |

Sanskriti School of Engineering offers a variety of indoor and outdoor sports activities to promote physical fitness, team spirit, and overall well-being among its students. Let's delve into the details of each sport available at the school.

- 1. Basketball:** The school boasts a spacious basketball court measuring 15.30 meters by 29 meters, covering a ground area of 443.70 square meters. This sport, played outdoors, requires two teams of five players each to score points by shooting the ball through the opponent's basket. Basketball is a fast-paced and exciting game that emphasizes agility, coordination, and teamwork.
- 2. Badminton:** Sanskriti School of Engineering provides a dedicated badminton court with dimensions of 18 meters by 9 meters, covering a ground area of 162 square meters. Badminton is a popular outdoor sport that involves hitting a shuttlecock over a net using a racket. Players can engage in singles or doubles matches, showcasing their quick reflexes, strategy, and hand-eye coordination.
- 3. Volleyball:** The school offers a volleyball court measuring 6.1 meters by 13.40 meters, providing a ground area of 81.74 square meters. Volleyball is an outdoor team sport where two teams aim to hit the ball over the net and ground it within the opponent's court. It requires effective communication, teamwork, and a blend of power and finesse.
- 4. Kabaddi:** Sanskriti School of Engineering caters to the interest in traditional sports by providing a kabaddi court measuring 9 meters by 13 meters, covering a ground area of 117 square meters. Kabaddi is a contact sport that involves two teams taking turns sending a "raider" to the opponent's half, aiming to tag as many defenders as possible before returning to their side. This physically demanding sport requires agility, strength, and strategic planning.
- 5. Cricket:** The school features a spacious cricket field measuring 140 meters by 150 meters, providing a ground area of 21,000 square meters. Cricket is a popular outdoor sport with two teams taking turns batting and fielding. The batting team aims to score runs, while the fielding team tries to dismiss the batsmen. Cricket demands technical skill, strategic thinking, teamwork, and endurance.
- 6. Kho Kho:** Sanskriti School of Engineering promotes indigenous sports by offering a kho kho field measuring 27.4 meters by 15 meters, covering a ground area of 411 square meters.

Kho kho is a tag game where one team pursues and tags players from the opposing team within a specified time limit, without being caught themselves. This sport emphasizes agility, speed, and decision-making abilities.

Additionally, the school provides facilities for indoor board games:

1. Chess: Five chess boards are available for students to engage in this mentally stimulating game. Chess is played on a square board, and players compete to checkmate their opponent's king while protecting their own. Chess enhances strategic thinking, planning, and critical analysis.
2. Carrom: Five carrom boards are available for students to enjoy this tabletop game. Carrom involves flicking disks with a striker to pocket them into the corner pockets. It requires precision, control, and strategic positioning to outscore opponents.

At Sanskrithi School of Engineering, students have the opportunity to engage in a diverse range of indoor and outdoor sports activities. These sports not only provide physical exercise but also foster teamwork, discipline, and mental development. By participating in these sports, students can enhance their overall well-being and develop essential life skills that go beyond the classroom.
