SANSKRITHI SCHOOL OF ENGINEERING

Behind SSSS Hospital, Beedupalli knowledge park, Prasanthigram, Puttaparthi - 515134
Affiliated by JNTUA & Approved by All India Council for Technical Education (AICTE), www.sseptp.org

## Description on the Alumni Association at Sanskrithi

Students who graduated from the Sanskrithi School of Engineering can be found working in a wide variety of industries all around the country and the world. Alumni engage in a variety of activities with current students, such as motivational talks, lectures on the expectations of the industry, experience sharing sessions and career counseling sessions. These events are designed to assist the students in becoming more prepared for the workforce. Alumni who are already successful technocrats often give talks to current students about their experiences and serve as role models to encourage the students to adopt a technical mind-set.

Alumni not only propose other technologies on a regular basis but also provide students the opportunity to participate in internships and find placements with their own enterprises.

Alumni meetings are held by bringing all the graduates to the campus for the purpose of discussing the locations of former students, their accomplishments and exchanging success stories from their own lives. Alumni Meet **Prachetan** was established in the year 2019 with the goal of bringing recently graduated students back to the institute to celebrate their accomplishments and discuss the lessons they've learned. The college's former students, who now live all across the country, have found success in their careers and would like to contribute something back to the institution from which they graduated.

Alumni keep in touch with one another and converse via online forums, such as those found on Facebook and LinkedIn. They are provided with job chances in return for one another, which serve both parties' needs. They are invited to participate in the many events and FESTS that will take place on campus.
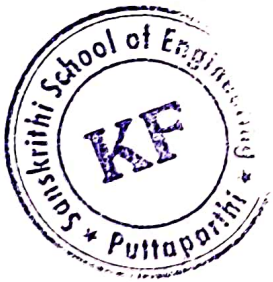

Following events were organized in lieu of the above -

Principal
Sanskrithi School of Engineering
Beedupalli Road, Prasanthingram,
PUTTAPARTHI - 515 134.
Anantapuramu (Dt) A.P.

Year	Name of the event	Supporting document/report
May 2021	Challenges faced in software job as an Electrical Engineer	
June 2021	Alumni talk on Embedded Systems in the field of Electrical Engineering	
May 2021	Webinar on "Challenges in Penetration of Electric Cars into Automotive Sector"	
May 2021	Webinar on "Career Path Ahead for Mechanical Engineering Students"	File_1a Supporting document.docx
June 2021	Webinar on " Life After Failure and Life Before Success"	
April 2022	Alumni Talk
