Admission process-online:

The online admission module allows the institution to manage the admission process for new students. The interface displays the application form and allows students to apply online.

The online admission module also ensures that the admission process is streamlined and efficient. The system generates reports on the admission process, which can be used for analysis and evaluation.

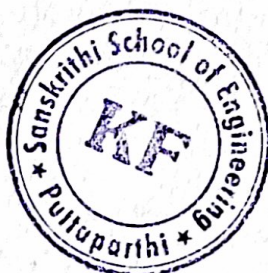

Student Attendance:

Attendance has been taken and recorded where parents also can check.

The attendance module of the system allows faculty members to take attendance and record it for each student in their class. The interface provides an easy-to-use system for faculty to quickly mark attendance for each student.

The attendance interface displays the name and photo of each student in the class, and the faculty member can mark the attendance as present, absent, or leave. The system records the attendance data and generates reports that can be used for various purposes.

Timetable has been updated every now and then, so that system will run smoothly.

The timetable module of the system provides a comprehensive platform for managing the class schedules of the entire institution. The interface displays the weekly schedule for each class, allowing students and faculty members to plan their activities accordingly.

The timetable interface allows faculty members to update their schedules and communicate the changes to the students. The system also sends notifications to the students about the changes in the timetable.

Student profiles are maintained

The student profiles module allows the institution to maintain a comprehensive database of each student. The interface displays the personal and academic details of each student, including their name, contact information, academic history, and performance records.

The student profiles module also allows the institution to track the progress of each student and provide timely support if required. The system generates reports on the performance of each student, which can be used for academic planning and evaluation.

The student fee card module allows the institution to manage the fee structure and fee collection process for each student. The interface displays the fee structure for each course, along with the due dates for fee payments. The module also allows the institution to generate fee receipts, track fee payments, and issue fee refunds if required.

The student fee card module also enables the institution to send reminders to students regarding their fee payments and generate reports on the fee collection process. The reports can be used for financial analysis and forecasting, which can help the institution to plan its budget effectively.

The screenshot shows a web browser window displaying the administrative interface of Sanskrithi School of Engineering. The page title is "VEHICLE INSURANCE RENEWAL REPORT". The header includes the school's name and logo, along with the address: "Behind Sri Sathya Sai Super Speciality Hospital, Beedupalli Knowledge Park, Prasanthi Gram, Puttaparthi-513434." A navigation menu lists various administrative functions such as ACADEMICS, ACCOUNTS, ADMINISTRATION, ADMISSIONS, CENTRAL STORES, CORRESPONDENCE, EXAMINATIONS, FEE PAYMENTS, HOSTEL, LIBRARY, PLACEMENTS, STAFF, and TRANSPORT. The "TRANSPORT" menu is expanded, showing options like DEFAULTERS LIST, DE-SUBSCRIPTION, DRIVER, EMPLOYEE SUBSCRIPTION, EXPENDITURE, FITNESS CERTIFICATE, INSURANCE, LOG BOOK, RENEWALS, REPORTS, ROUTE & HALTS, and STUDENTS HALTS. The "INSURANCE" option is selected, leading to the "INSURANCE PREMIUM/RENEWAL DUE DATES REPORT" page. This page features a table with the following columns: SI.No, Policy No, Policy Name, Company, Premium Amount, Ending In (Days), Vehicle No, and Remarks. The table is currently empty. The browser's address bar shows "webproceindia.com/sanskriti/AdminMaster1.aspx?licExp=False". The Windows taskbar at the bottom indicates the date as 09-05-2023 and the time as 14:32.

The transport and vehicle details module allows the institution to manage the transport facilities for the students and employees. The interface displays the details of the transport vehicles and allows students and employees to book their transport.
