

SANSKRITHI SCHOOL OF ENGINEERING

Behind SSSS Hospital, Beedupalli knowledge park, Prasanthigram, Puttaparthi - 515134
Affiliated by JNTUA & Approved by All India Council for Technical Education (AICTE), www.sseptp.org

Power Efficient Equipment

Sanskriti School of Engineering (SSE) prioritizes the use of energy-efficient electronic equipment throughout the college campus. In particular, SSE has equipped its laboratories with power-efficient air conditioners that possess a 3-star energy rating. These energy-efficient air conditioners have the capacity to save up to 65% of energy compared to conventional models.

By adopting power-efficient air conditioners with high energy ratings, SSE aims to maximize energy savings and minimize environmental impact. This conscious decision aligns with the institution's commitment to sustainability and responsible energy consumption. These power-efficient air conditioners not only provide a comfortable environment for students and staff but also contribute to reducing electricity consumption and greenhouse gas emissions.
